PULSE B1

DRUM MONITOR

PULSE B1

A purpose-built drum monitor for the KXD100 and KXD110. The drum sound module sits directly inside the speaker, so module and monitor become one compact unit that brings your kit to life with rich, powerful sound.

System type	2-way with active filter
Power Rating RMS	2X25W
Power Rating MAX	2x50W
Frequency response-10db	50Hz-20KHz
LF Driver	1.97X3.54” Woofer
HF Driver	1”,0.8”VC
Amplifiter	type Class-D
Input connectors	Drum Bluetooth
Power volage	100-240 AC 50/60Hz
Dimensions(WXDXH)	395X115X120mm
Net Weight(Kg)	1.8

K-DA80

DRUM MONITOR

K-DA80

The KDA 80 is a powerful drum monitor that gives your electronic kit the room-filling sound it deserves. A 2-way active design pairs an 8" woofer with a high-frequency driver, powered by an efficient Class-D amplifier that delivers 60 W RMS (120 W max) for deep, punchy lows and clear highs across 50 Hz-20 kHz. Plug in your drum kit, stream backing tracks over Bluetooth, or connect another source through AUX or Line In, so you can practice, rehearse and play along with ease.

KEY FEATURES

System type	2-way with active filter
Power Rating RMS	60W
Power Rating MAX	120W
Frequency response-10db	50Hz-20KHz
LF Driver	8” Woofer
HF Driver	3”VC
Amplifiter	type Class-D
Input connectors	Drum Bluetooth AUX LINE IN
Power volage	100-240 AC 50/60Hz
Dimensions(WXDXH)	355X350X305mm

K-MINI

PORTABLE SPEAKER

K-MINI

Take your sound anywhere. Light and easy to carry, this portable speaker is built for DJs, guitarists and singers. Its rechargeable lithi-um-ion battery runs for up to 9 hours, and automatic tone presets give you the right sound for every setting. The multi-angle cabinet can stand on the ground, tilt back as a stage monitor or mount on a pole. With a built-in 3-channel mixer, reverb, tone control and Bluetooth streaming, it's a true all-in-one PA speaker.

TECHNICAL SPECIFICA TIONS

Type	2-way Configuration With Active Filter
Woofer	6.5" Coaxial Speaker
Mic or Instrument Input	XLR or 1/4" TRS (2-Way)
Line In	XLR or 1/4" TRS
Aux In	1/8" TRS
Line Out	1/4" TRS
Amplifier	Class D, DSP processor, Reverb, stereo Bluetooth, USB input, USB charging
Freq Resp	55Hz-20KHz
RMS Power	100W
MAX Power	200W
MAX SPL	114dB/120dB(Peak)
Battery	14.4V/5.2AH (Lithium - ion)
Power Voltage	AC100V - AC240V
Dimensions(WxDxH)	248x284x332mm
Net weight(kg)	6.25

Aero X

PORTABLE SPEAKER

Aero X

Take your sound anywhere. Light and easy to carry, this portable speaker is built for DJs, guitarists and singers. Its rechargeable lithium-ion battery runs for up to 9 hours, and automatic tone presets give you the right sound for every setting. The multi-angle cabinet can stand on the ground, tilt back as a stage monitor or mount on a pole. With a built-in 3-channel mixer, reverb, tone control and Bluetooth streaming, it's a true all-in-one PA speaker.

TECHNICAL SPECIFICA TIONS

Type	2-way Configuration With Active Filter
Woofer	8" Coaxial Speaker
Mic	2.4G wireless microphone x 2
Mic or Instrument Input	XLR or 1/4" TRS (2-Way)
Line In	XLR or 1/4" TRS
Aux In	1/8" TRS
Line out	XLR
Amplifier	Class D, DSP processor, Reverb,Stereo Bluetooth, USB charging
Frequency Response(-10dB)	55Hz-20KHz
RMS Power	150W
MAX Power	300W
MAX SPL	115dB/121dB(Peak)
Battery	18.5V/5.2AH (Lithium-ion)
Play time	at least 5 hours at maximal volume
Voltage	Power adaptor. AC/DC 30V
Dimensions(WxDxH)	298x308x405mm
Net weight(kg)	9.5
